

ERODE SENGUNTHAR ENGINEERING COLLEGE

Industry Institute Partnership Cell

Handout

Convenor: Dr. V. Venkatachalam, Principal

Coordinator: Dr.S.Karthick

VISION

Vision of Erode Sengunthar Engineering College is to become a World Class Technical Institution and Scientific Research Centre for the Benefit of the Society.

MISSION

Erode Sengunthar Engineering College will strive continuously to

- Create Positive difference to Society through Innovative Teaching – Learning Process.
- Impart Value Based Technical Education to the Students from across various Socio Economic backgrounds.
- Build State of art infrastructure for high quality Research and Development capabilities on par with the finest in the Globe and widen student's horizons beyond Class Room.
- Bring out Competent, Ethically Strong and Quality Professionals.

PREAMBLE

Erode Sengunthar Engineering College has placed accent on the cultivation of strong links with industry and promote various industrial activities by the faculty members and students. In order to keep up their role with the industrial connecting activities a separate Industry-Institute Partnership Cell - IIPC was established in the year 2013.

- To have a closer linkage and promote research suited to industry needs and consultancy services which create a sense of possession among faculty members.
- To provide continuing education to industrial working people, so that they can upgrade their technical knowledge.

- To enable internships to students during vacation in industries provide, which will prepare the students better for entering the industry.
- To create an industrial lead in the institute by enables the appointment of experienced industry resource persons as visiting faculty in the respective discipline.

INDUSTRY – INSTITUTE PARTNERSHIP CELL (IIPC)

Industry Institute Partnership Cell (IIPC) is in focus of connects and fulfills the gap between Industry institute. We formed **IIPCCell** for the mutual benefits of students and the industry. From this cell will look forward the following activities

- To encourage the effective Industrial Visits (IV), Industry Study Tour Programme (ISTP), In-plant Training (IPT) and Intern-ship Programme
- To provide technical training and consultancy services to lower and middle level industry personnel in the recent advances in design, testing, manufacturing and management disciplines
- To take up joint Research & Development projects with the industries
- Organizing industrial seminars, symposiums, exhibitions and workshops on latest technological advancements, evaluation of project work with the collaborative efforts between industrial experts and institute departments
- To co-ordinate with industries and organizations for placement and training of students in Industry

As the initial step of this cell we worked to sign MoU with Hindustan Chamber of Commerce in this today's auspicious movement. Whereas our aim is keen on, giving on the job training to our students apart from the theoretical knowledge imparted by us. So, we approached HCC to help us, to get through this IV, IPT and Internship with HCC's member companies for all our disciplines.

For this HCC identifies a few of its members from their business houses engaged in industrial activities, to provide industrial visits & in-plant training for our students in the discipline of Civil, Mechanical, Chemical, Electronics, Electrical, Computer science and Instrumentation. Whereas both HCC and College have jointly entered into a Memorandum of Understanding (MoU). HCC undertakes to provide certificates through the Industry members to the students who undergo in-plant Training and internship.

We hope this move will give excellent benefit to the students, ultimately the industries will get trained and skilled professionals to meet their needs and expectations.

In focus of connect the Industries with our Institute we formed the Industry Institute Partnership Cell (IIPC) in our college, in terms of benefits such as Industrial experts guest lecture, Students/Faculty Industrial visit, Internship, training, Industrial Research Projects, etc.
