RESEARCH PROMOTION POLICY

Research promotion policy of Erode Sengunthar Engineering College aims to foster and sustain excellence and leadership in Research and Innovation. Our students and faculty will be encouraged to attain new strides in research and achieve first of its kind having impact in technological applications and designs for providing solutions to technological and social issues. Our students will be encouraged to learn about the world through hands on practical problem-solving projects in collaboration with fellow student in other department and with our faculty as supervisors/ mentors. Our faculty and students would be encouraged to involve in inter disciplinary/ multi-disciplinary/ translational research in finding scientific and technological solutions to 21st Century grand challenges. Erode Sengunthar Engineering College desires to build strong and robust research and innovation ecosystem by providing

- Generous seed funding to young Assistant Professors (fresh Recruits) to enhance facilities in laboratories focusing the research
- International travel grant to faculty and students to enable them to participate and present papers in International Conferences providing large funding in the selected emerging technologies to group of active faculty members
- Fund for start-ups to students and faculty members
- Incentives for faculty members for the publications and received grants
- Stipend to the full time research scholars
