

YEARLY STATUS REPORT - 2021-2022

Part A

Data of the Institution

1.Name of the Institution

Erode Sengunthar Engineering College

- Name of the Head of the institution **Dr. V. Venkatachalam**
- Designation **Principal**
- Does the institution function from its own campus? **Yes**
- Phone No. of the Principal **04294232701**
- Alternate phone No. **04294232702**
- Mobile No. (Principal) **9442123702**
- Registered e-mail ID (Principal) **esecprincipal@gmail.com**
- Address **Erode Sengunthar Engineering College, Thudupathi, Perundurai - 638057**
- City/Town **Erode**
- State/UT **Tamil Nadu**
- Pin Code **638057**

2.Institutional status

- Autonomous Status (Provide the date of conferment of Autonomy) **02/07/2019**
- Type of Institution **Co-education**
- Location **Rural**

- Financial Status **Self-financing**
- Name of the IQAC Co-ordinator/Director **Dr. M. Shyamalagowri**
- Phone No. **04294232701**
- Mobile No: **9842660908**
- IQAC e-mail ID **iqac@esec.ac.in**

3.Website address (Web link of the AQAR (Previous Academic Year)

<https://www.erode-sengunthar.ac.in/wp-content/uploads/2022/02/AQAR-2010-21-UPLOADED-DATA.pdf>

4.Was the Academic Calendar prepared for that year?

Yes

- if yes, whether it is uploaded in the Institutional website Web link:

<https://erode-sengunthar.ac.in/academic-calendar/>

5.Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	A	3.01	2015	15/05/2015	15/05/2020
Cycle 2	A	3.01	2019	16/05/2020	31/12/2024

6.Date of Establishment of IQAC

17/06/2015

7.Provide the list of Special Status conferred by Central and/or State Government on the Institution/Department/Faculty/School (UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC, etc.)?

Institution/ Department/Faculty/School	Scheme	Funding Agency	Year of Award with Duration	Amount
Erode Sengunthar Engineering College / Electronics and Communication Engineering / Dr.R.Kalai vani, Professor	AICTE- Research Promotion Scheme	AICTE, New Delhi	18/01/2022	20,54,766
Erode Sengunthar Engineering College / Electronics and Communication Engineering / Dr.M. Dhipa, Associate Professor	National Level Technical Seminar	Council of Scientific and Industrial Research, New Delhi	18/01/2022	20000
Erode Sengunthar Engineering College / Chemical Engineering / Ms.S.Vaishnavi Assistant Professor	Students Project Scheme	TNSCST	01/01/2022	7500
Erode Sengunthar Engineering College / Civil	Students Project Scheme	TNSCST	01/01/2022	7500

Engineering / Ms.Fathima Darras Gracy.A Assistant Professor				
Erode Sengunthar Engineering College / Information Technology / Dr.K.Senthil vadivu Assistant Professor	Students Project Scheme	TNSCST	01/01/2022	7500
Erode Sengunthar Engineering College / Electronics and Communicatio n Engineering / Dr.R.Kalai vani, Professor	Students Project Scheme	TNSCST	01/01/2022	7500
Erode Sengunthar Engineering College / Civil Engineering / Dr.S.Arulm ozhi, Associate Professor	Students Project Scheme	TNSCST	01/01/2022	7500
Erode Sengunthar Engineering College / Chemical	Students Project Scheme	TNSCST	01/01/2022	7500

Engineering / Mrs.S.Vais hnavi Assistant Professor				
Erode Sengunthar Engineering College / Master of Business Adm inistration / Dr.V.Gayathr i Assistant professor	Students Project Scheme	TNSCST	01/01/2022	7500
Erode Sengunthar Engineering College / Electronics and Communicatio n Engineering / V. Thamizarasan , Assistant Professor	Students Project Scheme	FAER McAfee	01/01/2022	5000

8. Provide details regarding the composition of the IQAC:

- Upload the latest notification regarding the composition of the IQAC by the HEI [View File](#)

9.No. of IQAC meetings held during the year 4

- Were the minutes of IQAC meeting(s) and compliance to the decisions taken uploaded on the institutional website? **Yes**

- If No, please upload the minutes of the **No File Uploaded**

meeting(s) and Action Taken Report

10. Did IQAC receive funding from any funding agency to support its activities during the year? Yes

- If yes, mention the amount Rs. 21,32,266

11. Significant contributions made by IQAC during the current year (maximum five bullets)

Faculty members has published 57 papers in Scopus/Web of Science/UGC Care Journals, 31 book / book chapters / Conference proceeding with ISBN number in the academic year 2021-22.

Improved teaching learning process by giving Innovative assignments and project based learning & ensured by regular academic audits. Scheduled remedial coaching classes were conducted in each and every department for academic improvement of slow learners

102 Value Added Courses has been conducted for the students for the academic year 2021-22 for enrich their technical skills and to enhance the method of participative learning..

156 number of Short term training programs, Faculty Development programs and conferences were organized in our Institution for enriching the knowledge of faculty members in various developing fields. no. of non teaching /administrative training programs were organized for developing the skills of non teaching staff members

Mentoring system was practiced in the Institution in mentee's personal and academic improvement to improves the mentee's confidence in their ability to work well towards the achievement of students growth as well the program, program specific outcomes.

12. Plan of action chalked out by IQAC at the beginning of the academic year towards quality enhancement and the outcome achieved by the end of the academic year:

Plan of Action	Achievements/Outcomes
<p>Ranking and Recognition from Reputed Agencies</p>	<p>ARIIA-ATAL ranking of Institutions on Innovation Achievements has placed college in Excellence Band •College has Ranked 18th in Private Sector T-School Employability Ranking 2021-All India Level Magazine-DATAQUEST 2021 • College has acquired AA+ grade in All India ranking as per Careers 360 ranking 2020 • College was ranked 11th position in all India ranking by CSR-GHRDC ranking 2021. • Participation in NIRF ranking</p>
<p>Course file audit</p>	<p>Fine tuning of curriculum design ,content delivery and assessment including introduction of innovative teaching methods in academic and administrative audits</p>
<p>Effective implementation of outcome based education inputs of NBA</p>	<p>Redefining of vision, mission statements of departments including program educational objectives and programme specific outcomes</p>
<p>Promoting engineering education and research</p>	<p>Increase in number of faculty members enrolling for NPTEL courses , various FDP's and quality publications.</p>
<p>Enhancement of Research / Consultancy activities</p>	<p>Rs.21,32,266 fund received in the academic year 2021 - 22 in various schemes like AICTE Modrobs,STTP, FDP</p>
<p>Plan for more faculty Publications /Patents in emerging and thrust areas</p>	<p>Faculty members has published 57 papers in Scopus/Web of Science/UGC Care Journals, 31 book / book chapters / Conference proceeding with ISBN number in the academic year</p>

	2021-22.
Enhancement of Alumni contribution	Eminent alumni supported for Placement activities and they were encouraging students by giving special lectures and training for enriching their knowledge. Alumni fund contribution of Rs. 2,58,000/- has been received.
Improvement in Students co curricular and extra curricular activities	more than 80% of total students are encouraged and counselled to participate in co curricular and extra curricular activities
Collaboration with institution and industries to be strengthened.	Total No. of MoUs signed with industries upto 2021-22 = 34. More industries have been identified to improve collaboration activities.

13. Was the AQAR placed before the statutory body? Yes

- Name of the statutory body

Name of the statutory body	Date of meeting(s)
IQAC and Governing Council Meeting	13/02/2021

14. Was the institutional data submitted to AISHE ? Yes

- Year

Part A**Data of the Institution**

1.Name of the Institution	Erode Sengunthar Engineering College
• Name of the Head of the institution	Dr. V. Venkatachalam

<ul style="list-style-type: none"> • Year 	
Year	Date of Submission
2021-22	20/01/2023
15. Multidisciplinary / interdisciplinary	
Multidisciplinary education is an academic and pedagogical approach to develop multiple capacities in the intellectual,	

aesthetic, social, physical, emotional, and moral domains, among the students inside and outside the classroom, by integrating formal and informal learning opportunities and teaching, research and community engagements and promoting cross-disciplinary and interdisciplinary perspectives and academic practice. NEP 2020 suggests that the colleges will be "gradually phasing out the system of 'affiliated colleges' over a period of fifteen years" i.e. by 2035. The phasing out of the system of 'affiliated colleges' shall be supported by the mentoring of the affiliated colleges by the respective affiliating university. We have mooted this to implement in our institution and various steps have been taken including attending seminars and conferences related to NEP 2020, identifying bench marks from various institutions for multidisciplinary courses and closely following the norms and regulations of the affiliating university.

16.Academic bank of credits (ABC):

As per the UGC Notification on University Grants Commission Notification(28th July, 2021) "Academic Bank Account" means an individual account with the Academic Bank of Credits opened and operated by a student, to which all academic credits earned by the Student from course(s) of study are deposited, recognised, maintained, accumulated, transferred, validated or redeemed for the purposes of the award of degree/diploma/certificates etc. by an awarding institution. Academic Bank of Credits shall be established, on the lines of the National Academic Depository shall have a dynamic website providing all details of Academic Bank of Credits and its operational mechanism for the use of all stakeholder of higher education. Academic Bank of Credits is essentially a credit-based, and highly flexible, student- centric facility. Our institution has been in the process of getting approval to apply for registration with Academic Bank of Credits from statutory authorities such as Governing Council, Academic Council and university authorities. Courses undergone by the students through the online modes through National Schemes like SWAYAM, NPTEL etc. or of any specified university, shall also be considered for credit transfer and credit accumulation.

17.Skill development:

Integrating vocational education with general education is the most promising way to provide for holistic development of the students, equipping them with knowledge, skills and competencies which would prepare them for life and work. We have identified to collaborate with industries for internship to expose the students to the work environment and get the experience of hands-on

practice. We are in the process of developing some bridge courses of varying duration depending on the pre-requirements of the course a student intends to move to horizontally.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

NEP 2020 envisages a greater Promotion of Indian Languages, Arts and Culture. The NEP document elaborates on the cultural and knowledge heritage of India, the importance of Indian Philosophy in the renewed perception and influence on the world events, the importance of the Multilanguage- multicultural background of the country and the necessity for revitalizing these realms for the betterment of the country and the world. This strategy calls for a paradigm shift in our immediate past educational system (which, in general opinion, has devalued the Indian traditional knowledge). To bring back the glory of the ancestral values and knowledge and a line with AICTE, guidelines the institution has introduced a mandatory course on 'Indian Constitution and Traditional Knowledge' for all the UG students. To augment the lectures in the class room, standard text books on Indian Constitution and Cultural heritage of India have been given to the students. Through the efforts of Fine Arts Club, competitions are being regularly conducted in the regional language viz Tamil on the contemporary topics on environment, energy conservation, etc., as well as topics on the cultural and ethnic values of India. The Parent University has also introduced One UG courses (B.E.- Mechanical) Engineering in Tamil Medium.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Realizing the importance of Accreditation vis-à-vis Washington Accord, the college introduced the OBE concepts in its curriculum, Syllabi and evaluation. Eight UG programmes (namely B.E-Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Electronics and Instrumentation Engineering, Mechanical Engineering and B.Tech. Chemical Engineering, Master of Business Administration) got accredited by NBA. In this process, the OBE has been implemented in all stages of Teaching-Learning Process. In line with the Graduate Attributes, PEOs and Pos referred in the NBA documents; markers have been developed and disseminated to the stakeholders. The PEOs have been established considering the factors such as Preparation, Core Competence, Breadth Professionalism and Life Long Learning. These are aligned with institute Vision and Mission and Departments' Vision and Mission. Pos and PSOs have

been mapped with PEOs. Course outcomes have been defined for all the courses and the correlation strength with various POs have also been specified. In the evaluation process (Continuous Assessment and Semester Examination), the performance of the students in each course are linked to the POs and there after the PEOs and attainment is evaluated. The loop is closed on Stake holders feedback mechanism to continuously monitor and achieve the Outcome Based Education. Various committees in the College and Department level, keep assessing the attainment every semester. Documentary evidences are maintained so as to have a peer level evaluation.

20.Distance education/online education:

There is a perceptible change in the modes of the Teaching-Learning all over the world and there is a significant shift from all class room teaching and Learning to partly classroom partly online Teaching- Learning. This is exhibited in the worldwide popularity of Online education like MOOCs, etc. India is also keeping abreast in this new paradigm. We encourage our students and faculty to register and write examinations under SWAYAM-NPTEL for several years. Under our autonomous system, necessary approvals have been obtained to include the Credit Transfer Scheme to our students. Thus, the credits earned from SWAYAM-NPTEL are considered as replacements of elective courses. The list of such courses, are approved by the chair person before the beginning of the semester so that students register for those courses which are relevant for that particular curriculum and not repetitive/duplicative in nature. Students can take up internship in suitable industries. This doubly benefits the students to acquire skills required by the industry and also a favorable career opportunity.

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

Erode Sengunthar Engineering College is particular in imparting Outcome based education. Relevancy of Local, national, regional and global development needs are reflected in Program Outcome, Program Specific Outcome and Course Outcome.

A systematic procedure for development, revision and implementation of curriculum of all the departments is in existence. The Primary objective of the institute is to create Techno-Managerial power for the local, national, regional and

global needs. The curriculum is designed carefully by addressing the recent technologies and the opportunities existing in regional and global level with all necessary fundamentals.

The Curriculum is designed in such a way that the students acquire necessary domain knowledge, skills, attitude and behaviour. The factors considered for design of curriculum are: (i) Syllabi of various reputed Indian and International Universities (ii) Model curriculum prescribed by AICTE (iii) The Program Specific Outcomes offered by similar programs of other colleges (iv) Suggestions by industry experts and alumni (v) Syllabi of various competitive exams (vi) Inputs from Industry experts and needs of the industry.

- An effective implementation of this Outcome Based Education (OBE) ensures that our graduating engineers acquire all the 12 POs defined by NBA, and can compete on a global platform.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

Some of the steps taken to integrate the cross-cutting issues

are as mentioned below:

1. Gender(Girls)

The Institution has understood the importance of gender equality and many programs are conducted in order to help the girl students and women staff members. The N.S.S. unit of our college has been very proactive in conducting different extension activities in college premises and adopted villages

2. Environment and Sustainability

The college is committed to contribute for providing good environmental surroundings and sustainable growth. It has been practiced in the college that whenever a student joins the college he/she is motivated to plant a sapling in the college campus with periodic maintenance to achieve GREEN CAMPUS. Over the period the college campus become much greenish with pleasant surroundings with pure air.

Various activities like quiz and poster competitions, invited talks are organized to create awareness about nature, biodiversity, environment and sustainability. Different activities have been initiated by the college to save environment. Students are encouraged to do projects related to Environment Sustainability.

3. Human Values and Professional Ethics

Professional Ethics subject is included in curriculum. Internship, Industrial Visits, Industrial training / Projects are arranged to the students to enhance their professional ethics.

Keeping the importance of imbibing human values and ethical values in the minds of students various webinar, quiz and essay competition are conducted through various student chapters/professional bodies within the college campus.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

- Bridge Courses / Orientation programs/ Induction programs are conducted to lift the level of students.
- The Institution assesses the learning levels of the students based on academic performance.
- Academic and personal counseling are given to the students by the tutor and the mentors of the respective classes.
- Remedial classes are conducted with an aim to improve the academic performance of the slow learners, absentees and students who participate in sports and other activities.
- Explanation and discussions are imparted to the slow learners by providing simple and standard lecture notes/course materials
- The advanced learners are guided to participate in hackathons / project competition, enroll in MOOC Courses - Swayam, NPTEL, edX-online learning and competitive exams.
- Group study system, assignment and seminars on contemporary topics enable students to grab better placement offers.
- Participation in in-house competitions like debate, group discussion, problem solving, decision making exercises and quiz programs are encouraged.
- The academic achievements are recognized by cash awards and merit certificates during Annual Day celebration and various cultural activities.

2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

Erode Sengunthar Engineering College (ESEC) considers student centric methods to enhance Learning experiences. Outcome Based Education (OBE) is a transformational method that focuses on evaluating outcomes of the programs by stating the knowledge, skill and behavior of the graduates. It emphasizes the design of curriculum, outcome based teaching-Learning, assessment and evaluation. ESEC effectively implemented the outcome based Education through activity based learning that includes experimental learning, participatory learning and problem solving methodologies.

For enhancing lifelong learning skills of students, are instructed to take up review projects, mini-projects, case studies, working models, etc. Faculty members make efforts in making the learning activity more interactive by adopting the below-mentioned student-centric methods.

1. Experiential Learning
2. Participatory Learning
3. Problem-solving methods

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

ESEC uses Information and Communication Technology (ICT) in education to support, enhance, and optimize the delivery of education.

- Classrooms are furnished with LCD Projectors to facilitate technical presentation and to show educational videos/documents.
- Laboratories, seminar halls, auditoriums, conference rooms are equipped with ICT tools and 24*7 Wi-Fi enabled.
- Computer laboratories with high speed internet connection are available for research presentation, seminars, group discussion, assignments, viva, laboratory work, etc.
- Digital Language software is employed for listening and communication skill practice.
- Google class rooms are used to post the course contents, conduct quizzes, maintain lab records and assignments, etc.
- To enhance the learning ability of the students, learning management system (Local LMS) is employed.
- Virtual Laboratories are used to conduct lab sessions using simulation and programming modules.
- ONLINE e-resources like NPTEL, you tube lectures are exploited for effective Teaching -Learning process.
- Advanced digital Library is in place and is active.

2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Preparation and Adherence of Academic Calendar:

- The Controller of Examination prepare the academic schedule which includes date of commencement and closure of classes, schedules of internal tests and tentative dates of theory and practical end semester examinations based on Affiliating University schedule.
- The Institution prepares the academic calendar every semester in advance which covers total working days, list of examination dates, academic audits, feedback collection and Institutional level events. Based on the academic calendar, every department plans its activities like seminars, conferences, guest lectures, workshops and industrial visits, etc throughout the semester.
- The CoE office is responsible for preparing question papers, conduct of examinations, evaluation of answer scripts, declaration of results and issuing of grade sheets.
- The Internal Examination Cell ensures smooth conduction of continuous assessment tests.

Preparation and Adherence of Teaching Plan:

- The faculty members prepare Teaching / Lesson plan based on academic calendar for their respective subjects with class room teaching, case studies, role play and lab session.
- The Director Academics, HoDs and IQAC ensure timely and effective completion of course with perfect blend of practical and theoretical inputs.
- The Principal reviews the implementation and progress of various activities.

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

The office of Controller of Examination introduces several reforms in the examination system through integration of IT in all the procedures and processes of the examination system by E-Nova software.

Examination Procedures and IT Integration

- Semester patterns of examination with continuous evaluation system have been adopted.
- E-governance has been successfully implemented with student's information such as fees details, attendance, internal assessment and end semester examination marks.
- Panel of examiners is compiled prior to the examination on collecting the information from various Institutions considering eligibility norms of the University.

- Examiners are provided with login ID and password for the digital evaluation.
- The answers scripts are coded to prevent disclosure of identity of students.
- Scheme of evaluation along with solutions are made available to the examiners prior to the commencement of evaluation.

The process that has helped the examination section to improve the functionality of the system and is listed below;

- Internal marks are generated by E-Nova software for theory, laboratory and project as per regulation.
- Hall tickets generation, evaluation and declaration of results are done through online.
- Photo copies of answer scripts are provided to the students on submission of application.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

- Our Institution follows Outcome Based Education in align with National Board of Accreditation with defined 12 Program Outcomes, 2 to 3 Program Specific Outcome are framed for each program.
- The curriculum composition is carefully designed to attain the POs/PSOs.
- The Program Outcomes (POs), Program Specific Outcomes (PSOs) and Course Outcomes (COs) are widely propagated through website, curriculum / regulations books, class rooms, laboratory, department, library display boards and meetings with stake holders.
- HoDs and faculty members brief the POs, PSOs and COs in class committee meeting and faculty meeting to create awareness and emphasize the need to attain the outcomes.
- POs are broad statements that describe the professional accomplishments which the program aims at, and these are

to be attained by the students by the time they complete the program. POs incorporate many areas of inter-related knowledge, skills and personality traits that are to be acquired by the students during their graduation.

- PSOs are framed based on the specific skill requirements of the students at micro level and by the end of the program and got approved in DAAC meeting.
- COs are direct statements that describe the essential and enduring disciplinary knowledge, abilities that students should possess and the depth of learning that is expected upon completion of a course. They are clearly specified and communicated. The COs are prepared by the course coordinator and verified in Department Academic Advisory Committee meeting. During the commencement of each unit and after the completion of the unit, the course outcomes are reviewed.

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

- Each course has a defined set of course outcomes and corresponding evaluation criteria.
- CO-PO & PSO mapping for all the courses in the program provide the quantitative measurement is prepared by the course coordinator and refined on brainstorming with the faculty members.
- The performance of the students in the examinations during the semester in each course is used to compute the level of attainment of the POs and PSOs through the mapping of questions to COs.
- Rubrics are formulated for the assessment of Laboratory, Mini Project, Major Project, Seminar and Internship courses.
- The Program Outcomes (POs) are assessed based on their performance indicator through
 - Direct Assessment tools are Continuous Assessment Test (theory, practical) and End Semester

Examination

- In Indirect Assessment tools, the POs are assessed indirectly through Co-curricular/ Extracurricular activities and various survey forms like Course End survey, Employer Survey ,Alumni survey, feedback offered by Industrial experts, etc..

RESEARCH, INNOVATIONS AND EXTENSION**3.1 - Promotion of Research and Facilities**

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and

implemented

The research and development activities at ESEC are accomplished by enthusiastic, zealous, energetic and experienced faculty members. All the faculty members are motivated to engage in some form of research and development activities along with academic activities. The main objectives of R&D are to acquire emerging scientific knowledge, to design new methodologies in the field of Science, Engineering Technology and Management and to develop tools and techniques for offering solutions to the rural and socially relevant issues and challenges.

In line with the above objectives, faculty members are encouraged to apply for research grants, grants for conducting seminars and workshops.

The institute is providing seed money to the potential faculty members to carryout internal Projects and encourages them to get involved in research related activities.

The faculty has freedom to choose the research area of their choice and guidance is given to seek funding from various funding agencies and industries. The institute encourages the faculty by providing incentives for attending conferences, seminars, Faculty Development Programs, etc.

ESEC encourages faculty members to collaborate with other higher institutions of Learning and research Organisations within India and abroad to establish networks for pursuing their research and publishing their papers.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

The Institution provides a conducive environment for the promotion of Innovation and Incubation. All required facilities are provided and guidance is extended to the students. Students are encouraged to actively involve in the application of Technology for societal needs. Necessary support is provided for Documentation, Publication of Research Papers and also for obtaining patents. Awareness meets, workshops, seminars and guest lectures on Entrepreneurship are organized. Students are provided opportunities to directly interact with outstanding entrepreneurs excelling in their field. Product service Training is provided for creating awareness on marketing the products. The sole objective of the Incubation Center is to facilitate students to convert their Ideas into Technological Innovations. Students are provided facilities to build prototypes useful for promotion of Agriculture and Rural Development. Financial Assistance is provided for major and minor Research Projects. Workshops on emerging trends in Technology are held.. Students are awarded cash prizes for best models. College has recognized Research Centres in the departments and host centre of Micro, Small and Medium Enterprises - MSME, through which development of cost effective society related projects are encouraged. College conducts variety of programs related to emerging Technologies/Patents, coding contest and Hackathons through Institute Innovation Council(IIC), Entrepreneurship Development Cell and other department associations.

3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

To imbibe the social responsibility amongst the students, they are encouraged to serve the nearby villages. The Institute has NSS, various clubs and cells which provide extension activities in the neighborhood.

Some of the significant social activities are listed below.

- The Institute has offered its hostel as Covid Relief / Care center during the pandemic and around 600 people got benefitted.
- NSS unit and a team of committed faculty members engage themselves in the community development programs such as rallies on COVID awareness, usage of mask, importance of social distancing, AIDS awareness, female foeticide issues and tree plantation, health camp, blood donation and hemoglobin check-up camps in collaboration with government and non-government agencies.
- The Institute had invited physicians to deliver various talks on health, nutrition and gender related issues at adopted village to overcome the social problems like uncleanliness, unhygienic, malnutrition conditions.
- Working along with professionals and diversified social groups, students learn to negotiate, communicate, manage conflict, lead others, gain more self-confidence, autonomy and appreciation which lead to holistic development.

INFRASTRUCTURE AND LEARNING RESOURCES**4.1 - Physical Facilities**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

The Institute encompasses a well maintained green campus spread over 55.54 acres of land with a build-up area of 4,64,000 Sqm, ensuring adequate availability and optimal utilization of physical infrastructure for teaching learning activities.

Technology Enabled learning facility

The Institute has Wi-Fi facility with 92 classrooms with adequate seating capacity to accommodate sanctioned intake and 67 classrooms are equipped with LCD Projectors for multimedia learning. Each department has well equipped laboratory facilities, industry supported special laboratory, library, computer center with internet facility and seminar hall for

conducting department level association and professional body activities.

An Auditorium with a seating capacity of 2500 is available to conduct programs like annual day, graduation day, hostel day, InterInstitute programs, competitions and cultural events.

Central Library with adequate number of titles, books, volumes, competitive exam books, journals (national and international), back volumes and digital library facility are available.

A total number of 844 computers are available with internet through a leased line with a bandwidth of 300 MBPS.

Study materials, tutorials, quizzes, assignments and videos for each subject are posted in Google classroom which would help the students in their learning process.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, sports and games (indoor and outdoor) including gymnasium, yoga centre, auditorium etc.)

Cultural facilities

The Institute, with its Core Courses and the continuous evaluation scheme, integrates sports and extra-curricular activities as essential components.

It has an adequate facility for conducting indoor and outdoor games such as, Athletics, Cricket, Football, Hockey, Volleyball, Basketball and Kho-kho, carom, table tennis, chess, etc., Auditorium and well-equipped seminary halls for organizing annual functions and cultural events.

Sports competitions are organized regularly every year for students. Students are specially trained for participation in Zonal and Inter-Zonal matches, National Youth Festivals/ competitions organized by the Association of Indian Universities, and other cultural /sports events.

A full fledged Gym is available inside the campus with state of art facilities like upright bike, spin bike, Roman chair, etc. for the benefit of students.

The college is committed to provide a balanced atmosphere of academic, cultural and sports activities for the overall personality development of its students. Various sports competitions such as interdepartmental, intercollegiate, InterUniversity events, etc. were conducted to develop team spirit and interpersonal skills in students. Every year talented students are awarded with medals, trophies and cash awards. Students are also sponsored to attend international /National/District events related to sports.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Central Library is digitalized with PALPAP Library Automation Software capable of handling Tera Bytes of records.

The college library has an open reference section comprising of good collection of text books and reference books on all branches of study. Books for the various competitive examinations like GATE, GRE, GMAT, SAT, CAT, TOFEL, general knowledge, preparatory guides etc., are available.

The PALPAP software provides facilities for catalogue search, circulation of books and magazines, reservation of books and library statistics etc. And also Reports on the books issued, reservation status and budget expenditure can be generated.

Digital Library

Delnet and NDL membership are available for online journal access. E-Journals and various CDs related to competitive exam preparation are also available.

The Library transactions are carried out by RFID and Bar Code Technology. It has the facility of Web OPAC-online search. So the library catalogue can be accessed through intranet and internet. And the library is being subscribed to the E-resources. Also, the library has CCTV surveillance cameras for the proper vigilance of the library holdings and to avoid misbehaviours (misplacement, tearing etc) of the users.

4.3 - IT Infrastructure

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

1.College defines rules, regulations, and guidelines for proper utilization as well as the effective maintenance of IT resources to ensure their ethical and acceptable use and assure safety and security of data, products, facilities. 2.College prohibits its users from gaining unauthorized access to IT resource on the College Network. Any such Illegal access will not only be the violation of College IT Policy but may also violate National and International Cyber Laws, provisions under The Information Technology Act of India and National Cyber Security Policy, and subject the user to both civil and criminal liability. 3. College also recommends its Students, Faculty and Administrative Staff, to use Open Source Software. 4. Users are expected to take proper care of IT Resources are expected to report any malfunction to the Staff/Faculty on duty or to the in-charge of the facility. Users should not attempt to move, repair, reconfigure, modify, or attach external devices to the existing IT Resources. 5. Violations of policy will be treated as academic misconduct, or indiscipline as appropriate. 6. IT Policy may change as and when it is considered appropriate and new policies or the changes in policy will take effect immediately after announcement.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities – classrooms, laboratory, library, sports complex, computers, etc.	
Erode Sengunthar Engineering College has a maintenance committee which is headed by campus director, and he monitors all the maintenance activities. These activities are periodically checked by maintenance engineer to ensure the efficiency and	

working conditions of the equipments.

- Adequate contract staffs are employed to maintain hygiene, cleanliness, infrastructure on the campus to provide a congenial learning environment. Classrooms, staff rooms, seminar halls, laboratories, etc., are cleaned and maintained regularly by the contract staff assigned. Wash rooms and rest rooms are cleanly maintained by them. Dust bins are placed in all classrooms and in every floor to remove the daily waste papers and other garbage. The landscape of the campus is well maintained by the full time gardeners.
- The Civil, Mechanical and Electrical Engineers and their teams are involved in the maintenance of civil and electrical works like plumbing, water supply, all types of furniture, electrification and other maintenance activities.
- Lab assistants under the supervision of System Maintenance Cell maintain the computers in the college and related accessories.
- Library books and all records are preserved by Pest control.
- Campus maintenance is monitored by surveillance Cameras.
- Maintenance of computers (Hardware and Software) is done by System Maintenance Cell.

5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

Institution has various academic and administrative bodies/committees for the students to represent their ideas and suggestions for the development of the Institution. Following are such bodies,

- Class Committee
- Course Committee
- Department Academic Advisory Committee
- ISTE Students Chapter
- Department Associations
- Women Development Cell (WDC)
- Training and Placement Cell (TPC)
- Entrepreneurship Development Cell (EDC)
- Industry Institute Partnership Cell (IIPC)
- National Service Scheme
- Youth Red Cross
- Red Ribbon Club
- Rotaract Club
- Leo Club
- Renewable Energy Club
- Hostel Committee

Class Committee and Course Committee

During the Class Committee and Course Committee meetings the student members representing the entire class, interact and express the opinion and suggestions of the class students to improve the effectiveness of the teaching-learning process.

Department Academic Advisory Committee (DAAC)

DAAC is a higher level committee. Students represent their views with respect to their interest, aim and difficulties and the same will be taken account during the decision making process of academic activities.

Social Clubs

Students are encouraged to be the members of various social clubs such as NSS, Rotaract, Youth Red Cross, Red Ribbon Club, Fine Arts Club, Maths Club etc. Various events are organized in these clubs to benefit the society and to develop the students holistically.

Professional Societies/Department Associations

The students are encouraged to enroll themselves in various professional bodies and Various events are organized by these professional bodies.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The Alumni Association of Erode Sengunthar Engineering College has been functioning vibrantly from the year 2000 onwards. The main aim of the association is to establish a link between College and Alumni which will help us to share ideas of mutual growth, achievements and advancements in various fields.

- Grand Alumni Meet at College premises.
- Guest Lecture in the respective Departments with the expertise of alumni.
- Leader's Talk delivered by successful alumni to motivate the current students to excel in their lives.

A separate web portal is available for the alumni with facilities for registering and updating their details. The URL of Alumni Portal is: <http://www.erode-sengunthar.ac.in/alumni/>

ESEC Alumni Trust was formed with Reg. No.:

50/BK4/2017,date:14.12.2017. Alumni had contributed over Rs. 5,75,000/- towards ESEC Alumni Trust for the noble cause of building an Alumni Block and for helping poor students of the college.

Eminent alumni are selected every week and feedbacks are obtained from them and 'Alumnus of the Week' videos and posters are made and published in college official YouTube channel and social media platforms,

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

Nature of Governance

The Institute follows the guidelines by UGC, New Delhi, AICTE and Anna University and implementation of IQAC norms as per NAAC.

- Principal is the Chairperson for IQAC. Representatives of management, external members and senior professors constitute the IQAC.
- IQAC has several units like Academics, Teaching, Research, Innovation and Extension activities, Examinations, Infrastructures, Industry Institute Partnership, Training and Placement, Alumni, Website, Activities, Newsletter and MIS to ensure good governance.
- The realization of Vision and Mission of the Institution

is thus monitored continuously and depending upon needs, new policies, norms, rules etc., are recommended and complimented or the vision and mission statements are fine tuned in the seven years.

Perspective / Strategic plan

- Implementation of new education policy (NEP) and national innovation and start up policy in the Institution
- Involving more faculty members and students in consultancy and problem solving for industries through IIPC
- Establishment of more research centre, technology business incubator (TBI) and centre of excellence for promoting the research culture among the faculty and students
- Making the students chapters of professional bodies functional and Conducting more numbers of national / International Technical conferences / symposiums / workshops and FDPs for promoting industrial linkage

File Description	Documents
Upload any additional information	View File
Paste link for additional Information	https://erode-sengunthar.ac.in/about-us/vission-mission/

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

Decentralization & Participative Management

ESEC believes that excellent governance is essential to ensuring an efficient system for an institution's growth and development, as well as improving its outcomes. Decentralization of governance and delegation of tasks to Director of various heads like Academics, Research, IIPC, Placement, Head of all departments and IQAC Coordinators are the intention of this initiative, which encourages accessibility and a participative management style of administration. While framing specific guidelines to strengthen the college's systematic functioning, the college includes all stakeholders. At the same time, decentralization should be viewed as a way to improve the quality and efficiency of the system. To manage and efficiently control the institute, numerous committees, both statutory and non-statutory, are in place.

Implementation of Value-added Course based on Decentralization
The Value Added Course (VAC) is recommended to the students to fill the gap between the industry expectation and Institutional procedure. The suitable VAC is suggestions given by all the stake holders, Board of study meetings, DAAC meetings, feedback received from the students, Class Committee, Alumni Interaction and Employment Opportunity.

Paste link for additional Information	https://erode-sengunthar.ac.in/about-us/statutory-body-committees/

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

In order to meet the expectation of stake holders, the Institution has to be competitive to meet the change in global scenario. A series of brainstorming sessions with stake holders are conducted to chart out a strategic plan for 5 years from 2015-2020 for the Institution. Taking in to account, the history of the Institution's growth pattern and present status, a detailed SWOT analysis was undertaken. Based on the analysis and deliberations, the Institution having become autonomous from July 2019, a strategic plan for next five years (2019-2024) have been developed with respect to the following points.

- Teaching Learning Process
- Employability
- Research and Development
- Human Resources Planning and Development
- Industry Interaction
- Community Engagement

The strategic planning document developed is served as a monitoring tool for self appraisal at various levels and also be a guiding document from management to staff level.

These Plans are deployed through by empowering the respective

stake holders and by providing the necessary resources. With sustained efforts, involvement, monitoring and support, the goals that are set in the document are achieved.

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

The functioning of various Institutional bodies is effective and efficient as it is observed from organizational chart, service rules, research policies, student contact regulations etc.

<https://www.erode-sengunthar.ac.in/rules/>

<https://www.erode-sengunthar.ac.in/wp-content/uploads/2019/04/staff-rules-and-regulations>. The Institution is owned by Erode Sengunthar Educational Trust. The Correspondent interacts with the trust members to frame directive principles and policies, amend and approve them time to time and reviews the functioning of the college. The trust provides necessary funding to develop, maintain and improve the quality of infrastructure, faculty, teaching learning process and research. The Principal being the overall authority of the Institution in all aspects, interacts with the Correspondent and raises proposals to provide necessary resources in order to realize the vision and mission of the Institution. The Principal is assisted by the Directors and Heads of the departments in implementing the policies and ensuring the achievement of intended goals.

HoDs are given autonomy in carrying out the academic functions. They take decisions related to all the academic matters and delegate the works to the faculty members in a decentralized manner. HoDs are also involved in various activities including teaching, student development, faculty development activities and staff development. Non academic departments like civil maintenance, electrical maintenance and housekeeping are

effectively functioning under the respective heads.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff and avenues for their career development/ progression

Welfare measures are available not only for the development of faculty and staff but also for the organizational development. The Institute offers various schemes as detailed below for teaching and non teaching staff members

Teaching

- On duty
- 5 days Medical Leave ,12 days Casual Leave & 30 days Vacation
- Sponsorship to pursue Higher Studies

- 40% share for consultancy work
- Seed money for R&D activities
- Sponsorship for National and International publications in Conferences and Journals
- Travel grant to attend workshop/conference in abroad
- Awards & Certificates for Meritorious and Continuous service
- Giving less workload for the faculty who involve in the research and funding projects works
- Free Hostel accommodation and food for deputy-wardens
- Concession to avail College bus service

Non teaching

- On duty for Higher studies and other training programs.
- 5 days Medical Leave ,12 days Casual Leave & 30 days Vacation
- Sponsorship to pursue Higher Studies
- 40% for consultancy work
- Free Hostel accommodation and food for deputy-wardens
- Concession to avail College bus service

6.4 - Financial Management and Resource Mobilization**6.4.1 - Institution conducts internal and external financial audits regularly**

Financial planning and management is the foresight of the institution in strategizes its growth and development activities. The institution conducts regular internal audits by the authorized and recognized auditors. All the expenditures incurred by the college is maintained by the college accounts department and duly submitted to the government from time to time.

Financial Committee The finance committee of the institute reviews the financial planning periodically. The institute is registered under section 12A of the Income Tax Act. The finance committee acts as an advisory body to Governing Council (GC) on matters of finances connected to the college. The third party qualified auditors prepare the institute level budget for every assessment year and present it to the Governing Council for

further proceedings. The annual budget for institute is prepared and proposed at the beginning of financial year, for recurring and non-recurring potential income and expenditures involved for the year.

Financial Audit Qualified and certified internal auditors appointed do the audit on regular basis. As an act of transparency, the audited financial statements are published on the college website and also sent to the statutory and regulatory bodies.

6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The Institute maintains & follows a well-planned process for the mobilization of funds and its resources. The process involves the activities of various committees, Department Heads and Accounts office. Institute has designed some specific rules for the fund usage and resource utilization.

- In Mobilization of Funds, the student Tuition fee is the major source of income for the Institute.
- Various government and non-government agencies sponsor events like seminars and workshops.

- Alumni contribute to the Institute by raising funds

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Internal Quality Assurance Cell (IQAC)

In pursuance of the National Action Plan of the National Assessment and Accreditation Council (NAAC), Bangalore, for performance evaluation, assessment and accreditation and quality up- gradation of Institutions of Higher Education, the Internal Quality Assurance Cell (IQAC) has been established in the College.

The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in overall performance of the Institution. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of the Institution. During the post- accreditation process, the IQAC will channelize all efforts and measures of the Institution towards promoting its academic excellence

IQAC has contributed significantly for institutionalizing the quality assurance strategies and processes, the following two practices are the results of IQAC initiative

- Collaborative linkages with Industry and Institutes of research:
- Coaching for competitive examinations

Tapping of financial resources from UGC and other funding agencies

Paste link for additional information	https://www.erode-sengunthar.ac.in/igac-members/

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

Teaching and Learning:

Diversity of Learners in respect of their background, abilities and other personal attributes will influence the extent of their learning. The teaching-learning modalities of the Institution are rendered to be relevant for the learner group. The learner-centered education through appropriate methodologies facilitates the effective learning. Faculties provide a variety of learning experiences, promoting individual and collaborative learning. The Faculties employ interactive and participatory approach creating a feeling of responsibility in learning and makes learning a process of building the knowledge.

The Institute follows the following methods to make sure the better teaching and learning process.

- Academic Calendar
- Lesson plan
- Time Table
- Mentoring System
- Remedial Classes
- Assessment Tests
- Practical Courses
- Tutorial class
- Project works
- Knowledge Sharing Session

- **Class Room Teaching**
- **Innovative teaching learning process**

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Response: Erode Sengunthar Engineering College has committed itself to the standard of gender fairness.

Curricular, Co-Curricular and Extra-Curricular Activities: The Institution provides platform for women empowerment. Programs and workshops with a specific focus on empowering and promoting participation of female faculty, Staffs and students are organized throughout the year. **Facilities on Campus: Safety and Security:** 24 X 7 monitoring by security personnel. Around 128 CCTV Cameras are installed at strategic points in the campus. Separate and secured hostel is available for female students within the campus. Fire safety equipment's are installed in all the laboratories and corridors. First-Aid Kit is available in all laboratories and college office. **Counselling:** Individual counselling is offered through the mentor-mentee system which works in the ratio of 1:20. Separate counselling rooms are available in the college campus and in the hostel for male and female students. **Common Room:** Conference Hall, Seminar Hall, Fitness Centre, Reading Room in Library, Common waiting room in rest rooms and common room in Hostel are available. **Day-Care Centre:** Day-care centre is functioning for the children of faculty and staff members

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

Hazardous waste management

Hazardous waste is waste that poses substantial threats to the

public health or the environment. The Institute does not create any hazardous wastes. At the same time non-hazardous wastes are properly treated and discarded using the special treatment processes. The grey water is treated using aeration, filtration method and the same treated water is used for gardening purpose.

E-waste management

The Institution receives major E-waste through computer components and its associated accessories.

The components of computers such as CRTs may contain contaminants, which bio-accumulate in the environment and is extremely toxic to humans, in particular adversely affecting kidneys and bones. These kind of E-scrap materials are stored in a safe place till sufficient materials are collected. Then the collected E-scrap materials are sent for proper disposal.

7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

Best Practice - I Outcome based Education through Effective Mentoring System

Goal

The quality of Technical education is measured by achieving the outcome based education

The Context

Our Institution is located in rural area and most of the students admitted are from rural background and are the first graduates in their family. The medium of instruction of the engineering course is English and since most of the students are from Tamil medium, they feel difficult to understand the classes and write the examination in English. Effective mentoring system was implemented in our Institution to motivate the slow learners in proper way to improve their academic performance and also the advanced learners are motivates to participated in all Co-curricular and extracurricular activities & various competitive examinations to improve their technical and non technical skills

Best Practice - II: To create Industry ready graduates by giving Soft Skills, Technology Based Training and Research Skills

Goal

To develop a high quality skilled students relevant to current and emerging employment market needs of industry, separate coordinators have been nominated for placement, technical, industry and research wings.

The Context

There is a need to fulfill the gap between curriculum and industry need and Hence, an effective paradigm has been prepared in our college to create our students to become an industry ready. Students have to learn recent industrial related problems and give solutions for developing the product through this best practice. Thereby students are trained for placements and also to become an Entrepreneur.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Vision

The Institution thrives to become a World Class Technical Institution and Scientific Research Centre for the Benefit of the Society

Mission

The Institute strives continuously to

- Create Positive difference to Society through Education
- Impart Value Based Technical Education to the Students from across various Socio Economic backgrounds
- Build World Class Research and Development capabilities on par with the finest in the World and widen students horizons beyond Class Room Education
- Bring out Competent, Ethically Strong and Quality Professionals for the Benefit of the Society

Most of the students studying in our college are from rural areas and from economically poor background, but they are not

poor in talent and knowledge. In order to make them into holistic personalities, along with academic enrichment, number of activities are organized in the college so as students may get an opportunity to develop their potential. The Institution offers exposure to the students to get an opportunity to participate in every curricular, extracurricular and extension activities very actively. Various clubs, Professional Societies, associations in college offer students a platform to nurture and develop their soft skills. To reduce the gap between Academia and Industry the institute plans program like Industrial visits, expert talk, seminars, workshops, Internship, Value added courses etc.
