Teaching is good.

nothing

Provide Practical training

The teaching process was already good

Thank you

Thank You

Its all best while teaching we are easily understanding

Average

Improve technical knowledge and improve knowledge current technology

Teach not only syllabus. Teach what we want for the future.

Need to improve the facilities in both hostel and college

good and satisfied

interactive learning, technology integration, industry exposure

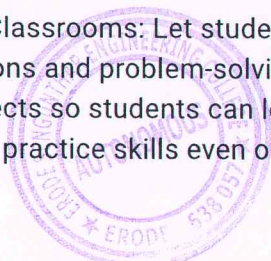

NONE

Teach the syllabus with real time example.

Improve the testing ability to students for upcoming technologies

"It would be beneficial if the teaching methods incorporated more practical examples and real-world applications to help students better understand complex concepts." "Incorporating interactive activities or hands-on projects could enhance student engagement and make learning more dynamic." "Regular feedback sessions with students would be helpful to understand their challenges and adapt teaching strategies accordingly." "Providing additional resources like study materials or online references would help students to explore topics in more depth." "Encouraging open discussions and student participation in classes could improve the learning atmosphere and foster better understanding."

Flipped Classrooms: Let students read or watch materials at home and use class time for discussions and problem-solving. Group Activities: Encourage teamwork, group discussions, and projects so students can learn from each other. Virtual Labs: Offer virtual labs to help students practice skills even outside the physical lab.

Make more practical session

Medium

Poor

Need teachers who concentrate more on syllabus and teaching

Need more lab sessions

Make the practical session

To improved project based learning

Need communication between faculties and students

Need more handson

Need well equipped laboratories

Want more smart classes and visualisation teachings

NOTHING

Give us a seperate Class room

Teach practical session

Nothing to change , they are perfect

Use smart class for teaching lesson.

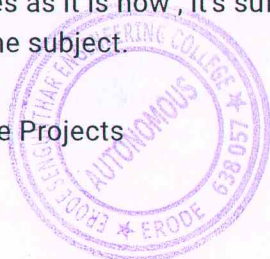

Its perfect

Not satisfied nor poor

Need more time practical period

If it continues as it is now , it's sufficient for students to attain good understanding and scores relating to the subject.

Improving the lab facilities

Internet facilities in classroom

Need to increase hands on classes, more workshops can be conducted

Not Bad

No suggestion

Use of technology in the classroom

Involving in practical experience which improves the learning process easier

Very support to us

Improved technical skills in laboratory

Need more seminars

Enhanced Content for teaching

Need more experimental concept and programs

Good in teaching sessions

Explain realtime examples while teaching

Provide more lab hours

Teach concepts with real time applications

Teaching can be more practical way

Theoretical classes can be replaced with the skills classes that the companies expect from us

No remarks

Need laboratory sections more

Yes

Still finding

I don't know
