IQAC - RESEARCH AND DEVELOPMENT CELL - RAC

Research and Development Cell:

The Institute has a number of high-end research centers to strengthen the research activities, teaching-learning facilities, and employability for UG and PG students. All the R&D Centers of the institute is recognized by Anna University, Chennai and these centers amplify the learning outcomes of the students and faculty members. The establishment of new centers also enhances the research among the faculty members and students on various recent technology domains and improve the Industry-Institute interaction.

Roles and Responsibilities of the Committee.

- Institute has a number of high end research centers to strengthen the research activities, teaching, learning facilities and employability for UG and PG students.
- To identify and inform faculty and students about the suitable funded/sponsored research opportunities notified by different research, academic, industry or government and non-government organizations.
- To provide support to the faculty research efforts and to encourage students research as part of curriculum.
- To promote multidisciplinary research and set up methodologies for undertaking and preparing collaborative research projects covering different domains of knowledge as well as policies or involving external experts/agencies in such research projects.
- To encourage and promote faculty and student research publications of their research work/projects in ostensible academic Scopus Index Journals (National/International).
- To conduct various innovation and entrepreneurship related activities described by the IIC in time bounded fashion.
- Establish function ecosystem for scouting ideas and Pre-Incubation of ideas.
- To develop better cognitive ability amongst technology students.
- Organize periodic Ideation day/Workshops/Seminars/Interactions with Entrepreneurs, Investors, Professionals and create a mentor pool for student innovators.
