POEM

To Autumn

Season of mists and mellow fruitfulness,
Close bosom-friend of the maturing sun;
Conspiring with him how to load and bless
With fruit the vines that round the roof

To bend with apples the moss'd cottage-trees,
And fill all fruit with ripeness to the core;
To swell the gourd, and plump the hazel shells
With a sweet kernel; to set budding more,
And still more, later flowers for the bees,
Until they think warm days will never cease,
For summer has the beauty their clammy cells.

THE ROAD NOT TAKEN

Rise You may write me down in history ;
With your bitter, twisted lies;
You may tread me in the very dirt;
But still, like dust, I'll rise.

Do not stand at my grave and weep;
I am not there. I do not sleep;
I am a thousand winds that blow;
I am the diamond glints on snow.

Whose woods these are I think I know.
His house is in the village, though;
He will not see me stopping here
To watch his woods fill up with snow.

POEM

Another Time

For us like any other fugitive,
Like the numberless flowers
That cannot number and all the beasts
That need not remember,
It is to-day in which we live.

So many try to say Not Now,
So many have forgotten
how To say I Am,
And would be Lost,
If they could, in history.

No wonder then so many die of grief,
So many are so lonely as they die;
No one has yet
Believed or liked a lie:
Another time has other lives to live.

Story

A farmer and his sons

Once there was a farmer. He lived in a village. He had three sons who always quarreled with one another. The farmer got very sick. He was very upset because of his sons attitude. One day the farmer brought a bundle of sticks. He asked them to break it. They tried their best but could not do so. Then the farmer untied the bundle. He told them to break the sticks. They broke them easily. The farmer said, "United we stand. Divided we fall". His sons learnt a lesson and began to live in peace.

Short story

SEEING OPPORTUNITIES IN OBSTACLES

Once there was a king who was curious but wealthy. He decided to test his fellow people to know who has a got a good attitude in life and who would spare some time for country's progress.

He placed a huge boulder right at the middle of the road and hid in a nearby place to see if anyone would make an attempt to move it off.

He saw some wealthy merchants and courtiers passing by the road. None of them made any attempt to move it off but simply walked away while some others blamed the king for not maintaining roads.

Later, a peasant came the way with a load of vegetables and saw the boulder. He kept his load down and tried to move the boulder away. After strenuous effort, he succeeded in moving it away. He saw a purse lying in the place of the boulder. It contained many gold coins and a note from the king which read 'this is the reward for the person who moves the boulder away'.

Moral: It is quite common for people to run away from problems and obstacles. But the story clearly shows the importance of seeing an opportunity in every obstacle which might improve our condition. Invest some time to remove obstacles on your way and experience many unseen presences.

STORY

The Elephant Rope

A man was walking nearby to a group of elephants that was halted by a small rope tied to their front leg. He was amazed by the fact that the huge elephants are not even making an attempt to break the rope and set themselves free.

He saw an elephant trainer standing beside them and he expressed his puzzled state of mind. The trainer said "when they are very young and much smaller we use the same size rope to tie them and, at that age, it's enough to hold them.

As they grow up, they are conditioned to believe they cannot break away. They believe the rope can still hold them, so they never try to break free."

Moral: It is the false belief of the elephants that denied their freedom for life time. Likewise, many people are not trying to work towards success in their life just because they failed once before. So keep on trying and don't get tied up with some false beliefs of failure.

பொறியியல் வாழ்க்கை - தமிழ் கவிதை.

கணவுகள் கையில் கொண்டு,
காலம் கடக்கும் இளையவர்கள் நாம்,
எஞ்சினியரிங் என்ற பாதையில்,
எதிர்காலம் கட்டிடுவோம் நாம்.

காலையில் லெக்சர், மதியம் லேப்,
மாலையில் அசைன்மெண்ட் போராட்டம்,
இரவுகளில் சபதங்கள், டெட்லைன்கள்,
இவையே எங்கள் வாழ்க்கை சாட்சியம்.

சர்க்குட், கோடு, மெஷின், டிசைன்,
எல்லாடீம சவால்கள் தான்,
தோல்விகள் வந்தாலும் தளரமாட்டோம்,
தொடர்ந்து முயற்சிப்போம் நான்.

நண்பர்களுடன் சிரிப்பும், கலாட்டாவும்,
கேன்டீன் டீயும், காஹி பேச்சும்,
இந்த நினைவுகள் தான் நாளை,
எங்கள் மனதில் நிறைந்திருக்கும்.

இன்று நாம் மாணவர்கள் தான்,
நாளை நாம் மாற்றத்தின் முகவர்கள்,
அறிவு, உழைப்பு, உறுதி இருந்தால்,
எல்லா கணவுகளும் நனவாகும்!
