## Faculty Development Training Program Successfully Conducted

To enhance the professional skills and knowledge of faculty members, a **Faculty Development Training Program (FDP)** was successfully conducted. The program focused on emerging technologies, innovative teaching methodologies, research opportunities, and industry-oriented practices.

The training sessions were delivered by experienced academicians and industry experts who shared valuable insights into current trends and advancements in their respective fields.

## Industry Interaction at Novac Technology Solutions, Chennai

A team of faculty members visited **Novac Technology Solutions, Chennai**, and had an insightful interaction with industry professionals regarding **placement opportunities, internships, and student projects**.

The discussion provided valuable insights into current industry expectations, emerging technology trends, and the skills required for successful careers in the **IT sector**.

## Innovative Product Fabricated at the Incubation Centre

We are pleased to share that a new product was successfully designed, developed, and printed at our Incubation Centre. This achievement highlights the centre's commitment to fostering innovation, creativity, and hands-on learning among students and faculty members.

## Biomedical Engineering Faculty Attend CEEE Program at IIT Bombay

The Department of Biomedical Engineering is proud to announce that **Ms. B. Pradeepa**, **Ms. M. Mohanavalli**, and **Ms. K. K. Leka** are participating in the **Centre for Engineering Education Excellence (CEEE)** Program at IIT Bombay.

## Faculty Shares Learning Experience from FDP at IIT Bombay

**Dr. J. Srinithi**, Department of **Chemical Engineering**, successfully participated in a **Faculty Development Program (FDP)** at **Indian Institute of Technology Bombay**.

Sharing her experience, **Dr. Srinithi** expressed her sincere gratitude for being provided with the opportunity to attend the prestigious FDP. As her first participation in a program conducted at IIT Bombay, the experience was both memorable and enriching.

### NPTEL Achievements:

**Dr. S. Umarani**, **HoD, M.Tech. CSE**, has been honored with the prestigious NPTEL Discipline Star Award for the January–April 2026 session.

This recognition reflects her outstanding commitment to continuous learning, academic excellence, and active participation in NPTEL courses.

The Department of Electrical and Electronics Engineering is proud to announce that **Mr. Mohammad Sulaiman**, a **II Year EEE student**, has been awarded the prestigious NPTEL Star Certificate for the **January–April 2026 session**.

The Department of Electrical and Electronics Engineering is proud to announce that **Dr. P. Selvan, Professor/EEE**, has been awarded two prestigious NPTEL Domain Expert Certifications in the fields of **Cyber Security and Artificial Intelligence** for the **January–April 2026** examination cycle.

The Department of Electrical and Electronics Engineering is delighted to announce that **Dr. S. Karthick**, Associate Professor/EEE, has been awarded the prestigious **NPTEL Domain Expert Certification in Cyber Security** for the **January–April 2026** examination cycle.

The Department of Electrical and Electronics Engineering is pleased to announce that **Ms. K. Preetha**, **Assistant Professor/EEE**, has been awarded two prestigious **NPTEL Domain Expert Certifications** in the fields of **Cyber Security and Artificial Intelligence & Data Science** for the **January–April 2026** examination cycle.

## Industrial Visit to Selkon Industries Pvt. Ltd., Ganapathypalayam

As part of our industry interaction and academic enrichment activities, a team comprising **Dr. P. Thirumorthy**, **P. Karthikeyan**, **V. S. Nivedhan**, and **Mohan** visited **Selkon Industries Pvt.Ltd..**

During the visit, the team gained valuable insights into various industry-oriented opportunities and emerging business trends. Discussions focused on internship and placement opportunities available for students, providing pathways for practical exposure and career development.

The company also shared information on entrepreneurship development programs and startup initiatives that encourage innovation and self-employment among young graduates.

## ESEC Student Represents Erode Region at Google AI Day for Startups

**Mr. Sandeep Kumar**, a first-year M.Tech (CSE) student of Erode Sengunthar Engineering College, proudly participated in the Google AI Day for Startups event held in Chennai.

The event brought together startup founders, industry experts, Google Cloud professionals, entrepreneurs, and technology enthusiasts to explore the latest advancements in Artificial Intelligence, innovation, and emerging technologies.

Through keynote sessions, technical discussions, and networking opportunities, participants gained valuable insights into the rapidly evolving startup ecosystem.

## ANRF Grants Funding for National-Level Seminar

- Mr. P. Kalidas**, Assistant Professor, Department of Internet of Things (IoT), has successfully secured a funding grant of ₹2,00,000 from the Anusandhan National Research Foundation (ANRF) for organizing a five-day National-Level Seminar.

- The seminar aims to enhance the knowledge and skills of students and faculty members by providing exposure to emerging technologies, research trends, innovation practices, and industry-oriented developments.

## ESEC Celebrates Ethnic Wear Day with Cultural Spirit

- On **18 June 2026**, Erode Sengunthar Engineering College celebrated Ethnic Wear Day with great enthusiasm and cultural pride. Students, faculty members, and staff participated actively by dressing in traditional attire representing the rich heritage and diversity of Indian culture.
- The campus was filled with vibrant colors and festive energy as participants showcased various ethnic outfits. The celebration provided an opportunity to appreciate cultural traditions and strengthen the sense of unity among the college community.
