Event Highlights

Our distinguished alumnus Mr. Balaji P returned to his alma mater to inspire Mechanical Engineering students through an engaging guest lecture. He shared his professional journey from ESEC student to entrepreneur, discussed CNC manufacturing trends, precision machining, industrial expectations, and startup opportunities. Students actively interacted during the session and gained valuable guidance on career planning, technical skill development, and entrepreneurship.

“Success in manufacturing is built on continuous learning, practical exposure, discipline, and the courage to innovate.”
